...where more than 120 years of
history embraces the future

9 April 2020

Dear High School Parent/Guardian

EDMODO CODES FOR HIGH SCHOOL PUPILS

We only have a few days left before online learning commences on 15 April 2020. Most pupils have already registered on the online learning platform, Edmodo. Edmodo enables teachers to safely share content, assignments, and manage communication with pupils and parents.

Registration is vital, as your child/ren will only be able to access the class content once they have completed the **registration process** successfully.

Some families are experiencing difficulty with **internet interruptions** at the moment. For that reason, lessons will be pre-recorded and not live. However, we strongly encourage that pupils try their best to complete a full day's lessons before bedtime, as the load will catch up with them if they don't. We realise that a **cell phone** is the electronic device most readily available at home. Where possible, all resources will be accessible via a cell phone.

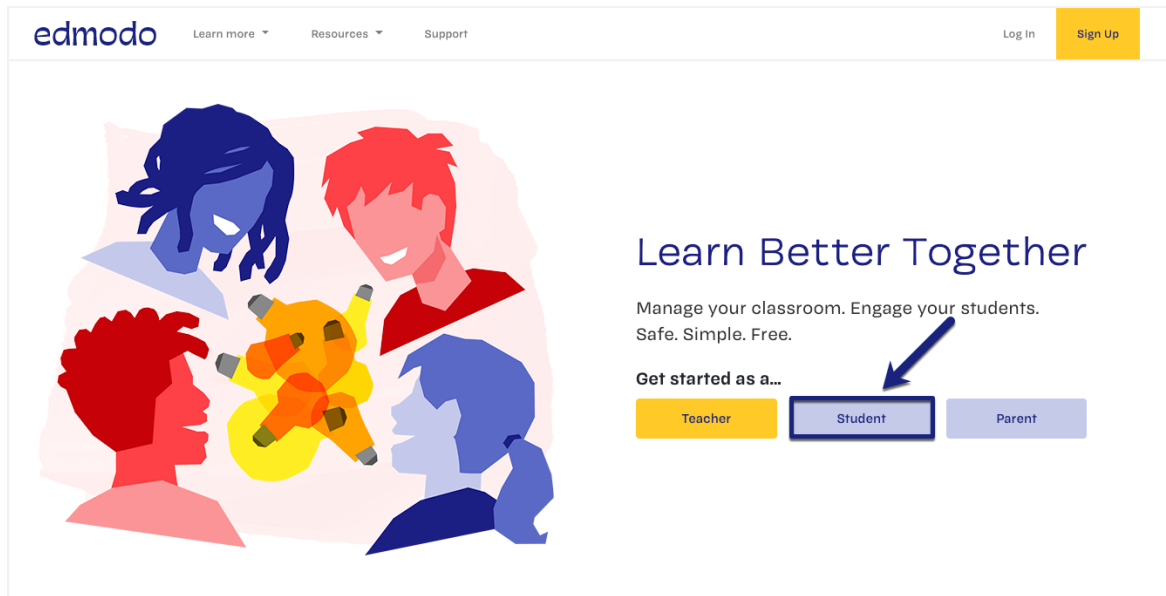

The timetables were sent out in the letter on the 3rd of April 2020 (via email and the Whatsapp groups). It is also available on the school's website (click on the 'Coronavirus Update' tab on the Home page).

Below please find the **step-by-step** instructions of how to register.

1. Obtain class/group codes from your teacher/school. **GRADE-SPECIFIC SUBJECT CODES ARE AVAILABLE ON PAGES 3-7 OF THIS LETTER.**
2. Go to the Edmodo homepage (<https://new.edmodo.com/>) and click **Student**.

An email address is not required to sign up for a student account.

3. You can register with the first class code on the list (for subject links – see from page 3 of this letter). Fill out the registration form with the class/group code, a unique username, and password.
4. Select the **Sign up for FREE** button to complete the sign up process.

If your class/group code is unlocked, you will then see the class/group the teachers created in the left panel of your account. If your class/group code is locked, then you will be placed into an approval queue and you will be added to the class/group when your teacher approves your group join request.

5. Once you are signed in, click on 'Join Group' to sign in for all additional subjects with the codes provided. The subjects will appear on the left hand side of the screen as you register for it.

This entire process has already been explained in class, so please urge your child to register as soon as possible. It's for their own benefit.

Yours sincerely

Jacques Tredoux
EXECUTIVE HEAD
