Lost-and-Found Items **ATTENTION!**

Parents play a crucial role in shaping their children's behaviour and teaching them valuable life skills. Encouraging children to look after their items at school is essential for their overall development. By instilling a sense of responsibility and ownership, parents help children understand the importance of taking care of their belongings. Additionally, when children learn to look after their items, they develop a sense of pride and accomplishment, boosting their self-esteem. Encouraging this behaviour early on sets a foundation for responsible behaviour in other aspects of their lives and fosters independence and maturity. Please continue to encourage your child to ensure that their belongings are looked after when at school. As a school, we continue to do so, but cannot take responsibility for pupils who do not place items in their bag.

All items which are mistakenly left around campus, are taken to the Clothing Shop's Lost-and-Found Section. If your child has misplaced an item, it can only be claimed from Lost-and-Found should it be marked with an identifiable name. No items will be given if it is not marked with an identifiable name. If your child mistakenly returns home with an item which does not belong to them, please return it to the school, so that the item can be returned to its owner.
