SPORTS REPORT

An important reminder

It has come to our attention that some students are being sent to school despite showing signs of illness. Doing so not only jeopardizes the child's health and recovery but also poses a potential risk to their peers, teachers, and school staff. In line with this, we also discourage the practice of simply sending unwell children to the school nurse with the expectation that they will be taken care of there. While our school nurse is dedicated to providing care and comfort to students, their primary role is to address minor injuries, dispense prescribed medication, and manage chronic conditions. They are not equipped to provide comprehensive medical attention for contagious illnesses or severe conditions. If your child is feeling unwell, we kindly request that you keep them at home and allow them the time they need to recover fully. This not only aids in their own recuperation but also helps prevent the potential spread of illness within our school community.

It is time to plan for 2024

It is hard to believe that the 2024 School Year is only a few months away. A great deal of planning goes into each year's calendar. The Term Dates for 2024 can be accessed by clicking on the calendar above.

Spring Day is around the corner

On Friday, 01 September 2023, we will celebrate Spring Day. Pupils are encouraged to wear their most bright and floral outfits as we prepare to welcome in the new season. On Friday, where possible, pupils are to donate toiletry items on this day, which will be donated to those in need around our school. This could include items such as soap bars, wash cloths, toothpaste, roll-on deodorant, and even shaving cream.
